DEVELOPMENT HISTORY

<p>2020 UGREEN still on the road...</p>	<p>2019 UGREEN still struggles for a steady and sustained development, achieving good results in category segmentation, channel sinking, market expansion and organization optimizing.</p>
<p>2018 UGREEN established its own intellectual property rights (IPR) system.</p>	<p>2017 UGREEN continuously upgraded the existing products and also released a series of big things like power bank. Following more and more supports, UGREEN created sales of 10 million on Double 11 Shopping Carnival. Besides, UGREEN also speeded up its pace to be an international brand.</p>
<p>2016 UGREEN had its own comprehensive office building. Here, we launched R&D activities, we sold products and we also offered after-sales services. A new chapter had begun from here.</p>	<p>2015 UGREEN opened its flagship store on AliExpress. Still looking forward to your participation.</p>
<p>2014 UGREEN began to integrated into the global market, developing Amazon markets in the US, UK, Germany and Japan, meanwhile, UGREEN was always looking forward to your participation.</p>	<p>2013 UGREEN was determined to explore O2O business mode, and it successfully attracted a bunch of offline distributors and offline agents, accelerating the development pace and occupying a large part of market.</p>
<p>2012 UGREEN was founded, championing the vision of "More For You": more real demands for you; more user experience for you; more surprise & convenience for you.</p>
